FIMP CODE OF COMPETITION & TECHNICAL HANDBOOK

FÉDÉRATION INTERNATIONALE DE MARCO POLO

2026–2029 Edition (in force from 1 January 2026)

Oculis clausis, auribus apertis · Eyes Closed. Ears Open.

FOREWORD

FOREWORD BY THE PRESIDENT

Since the Vevey Rules of 1927, the Code has grown from 14 articles to the document you now hold. Every clause in it exists because, at some point in the last 95 years, somebody found a way around the one before it.

This edition introduces version 2.0 of the Fingertip Wrinkle Index, a revised Gull Interference Protocol and an updated Swimwear Register. It also records, in Appendix N, every result of every World Championship since 1931, including the British double of 2026: Aaron Warburton (Indoor) and Jonathon Couriard (Outdoor).

Keep your eyes closed and your ears open.

Dr. Ingrid Solveig Haldorsen
President, Fédération Internationale de Marco Polo
Lausanne, January 2026

Appendix F	FIMP Prohibited List 2026
Appendix G	Water Temperature Compliance Table
Appendix H	Evasion Points Table
Appendix I	Officials' Signals
Appendix J	Gull Interference Register
Appendix K	Register of Amendments to the Code, 1932–2026
Appendix L	Final Scorecards, 1931–2026
Appendix M	Register of Athletes

Appendix N — Complete Championship Record, 1931–2026

CHAPTER 1

GENERAL PROVISIONS

ARTICLE 1.1 — SCOPE

1.1.1 This Code governs all World Championships, World Series events, continental championships and any other competition sanctioned by the Fédération Internationale de Marco Polo (FIMP).

1.1.2 Where a national federation's rules conflict with this Code at a sanctioned event, this Code prevails.

1.1.3 The English text is authoritative. In the event of a dispute about translation, the Jury of Appeal shall consult the English text and, failing resolution, the French text of 1931.

ARTICLE 1.2 — DEFINITIONS

1.2.1 “Marco” means the athlete who, with eyes closed, calls “Marco” and attempts to tag the other athletes. The word also refers to the call itself.

1.2.2 “Evader” means any athlete in the water who is not the Marco.

1.2.3 “Polo” means the response every evader must give to each Marco call.

1.2.4 “Chukka” means one period of play of 180 seconds with a single Marco.

1.2.5 “Heat” means a contest of six chukkas between six athletes, each of whom is the Marco once.

1.2.6 “Tag” means deliberate contact by the Marco's hand with any part of an evader's body, as confirmed by the Tag Referee.

ARTICLE 1.3 — DISCIPLINES

1.3.1 FIMP recognises two senior disciplines: Indoor Marco Polo and Outdoor Marco Polo.

1.3.2 Indoor Marco Polo is played in an enclosed, heated competition basin that complies with Chapter 3.

1.3.3 Outdoor Marco Polo is played in an open-air basin that complies with Chapter 4. A natural body of water may be used with the approval of the Water Quality & Thermal Commission.

1.3.4 Variants including Sharks and Minnows, Fish Out of Water as a stand-alone game, and “Marco Polo with a ball” are not recognised disciplines.

CHAPTER 2

THE CALL AND RESPONSE

ARTICLE 2.1 — THE MARCO CALL

2.1.1 The Marco call shall consist of the two syllables “Mar-co”, spoken or sung, with the stress on the first syllable.

2.1.2 The call shall measure no less than 65 dB and no more than 95 dB at 1.000 m from the caller's mouth, as measured by the Acoustic Officials under Chapter 11.

2.1.3 The call shall last no longer than 1.4 seconds from the onset of the first syllable to the end of the second.

2.1.4 Calls shall be separated by at least 1.0 second. A call made less than 1.0 second after the end of the previous call is a Stacked Call and is void.

2.1.5 Variants such as “Marcooo”, “Mar-co-o” or a whispered call are not permitted. A whispered call is any call below 65 dB.

2.1.6 The Marco may not call any word other than “Marco” during a chukka, except “Tag” upon making a tag and “Fish!” under Article 8.1.4.

ARTICLE 2.2 — THE POLO RESPONSE

2.2.1 Every evader in the water shall respond “Polo” to every valid Marco call.

2.2.2 The response shall begin within 0.6 seconds of the end of the Marco call (the Polo Window).

2.2.3 A response that begins after the Polo Window, or a failure to respond, is a Late Polo. Three Late Polos in one chukka shall be treated as a tag.

2.2.4 The Polo shall measure no less than 60 dB at 1.000 m. A mumbled, swallowed or underwater Polo is void.

2.2.5 An evader may not respond with any word other than “Polo”. Accepted national pronunciations are listed in Appendix B.

2.2.6 Two or more evaders may respond simultaneously. Deliberately synchronised responses intended to confuse the Marco (“choral Polo”) are permitted.

ARTICLE 2.3 — SILENCE

2.3.1 Apart from the calls and responses permitted by this Code, athletes shall remain silent throughout the chukka.

2.3.2 Coughing, sneezing and involuntary sounds are not infractions. Repeated involuntary sounds may be reviewed by the Acoustic Officials.

CHAPTER 3

INDOOR COMPETITION BASIN

ARTICLE 3.1 — DIMENSIONS

3.1.1 The Indoor competition basin shall be 25.000 m long and 12.500 m wide, with a tolerance of +0.010 m / -0.000 m in each dimension.

3.1.2 The water depth shall be no less than 1.35 m and no more than 1.40 m across the whole basin, so that every athlete can stand.

3.1.3 The basin floor shall have a gradient of no more than 0.4%.

3.1.4 Lane ropes, anchors and backstroke flags shall be removed before competition.

ARTICLE 3.2 — WATER

3.2.1 The water temperature shall be 27.4 °C ± 0.2 °C, measured at 14 points and three depths (0.10 m, 0.70 m and 1.30 m) no more than 60 minutes before the first heat of each session.

3.2.2 Free chlorine shall be between 1.0 and 3.0 ppm. pH shall be between 7.2 and 7.6.

3.2.3 Water hardness shall be recorded but is not regulated. Readings above 240 mg/L CaCO₃ shall be reported to the Water Quality & Thermal Commission.

3.2.4 Wave-damping gutters shall be in operation on all four sides of the basin.

ARTICLE 3.3 — THE HALL

3.3.1 The air temperature shall be no more than 2.0 °C above the water temperature.

3.3.2 Relative humidity shall be between 55% and 65%.

3.3.3 Background noise shall not exceed 58 dBA with spectators present and 45 dBA during warm-up.

3.3.4 Spectators shall remain seated and silent during chukkas. Applause is permitted only during the 60-second interval between chukkas.

3.3.5 Ceiling height above the water surface shall be at least 5.0 m to limit acoustic reflection.

CHAPTER 4

OUTDOOR COMPETITION BASIN

ARTICLE 4.1 — DIMENSIONS

4.1.1 The Outdoor competition basin shall be 50.000 m long and 21.000 m wide.

4.1.2 Depth requirements are the same as for Indoor (Article 3.1.2).

4.1.3 Natural venues shall be enclosed by a floating boundary of the same dimensions, inspected by a diver before each session.

ARTICLE 4.2 — WATER

4.2.1 The water temperature shall be between 24.0 °C and 29.5 °C. If the temperature falls outside this range, the session shall be postponed in blocks of 30 minutes.

4.2.2 In natural venues, the presence of aquatic plants within the basin shall be recorded but shall not delay competition.

ARTICLE 4.3 — WEATHER

4.3.1 Competition shall be suspended if the sustained wind speed at 2.0 m above the water exceeds 18 km/h.

4.3.2 Competition shall be suspended immediately on the first sighting of lightning within 10 km and shall not resume until 30 minutes after the last sighting.

4.3.3 Rain does not suspend competition. Rainfall above 6 mm per hour may be declared Acoustic Interference by the Chief Acoustic Official.

ARTICLE 4.4 — GULL INTERFERENCE PROTOCOL

4.4.1 A gull call within 5 m of the basin that the Chief Acoustic Official considers likely to be mistaken for a Polo shall be declared Gull Interference.

4.4.2 On a declaration of Gull Interference, the clock shall stop and the Marco shall be permitted one additional call.

4.4.3 No more than three Gull Interference declarations shall be made in a single chukka.

4.4.4 Athletes found to have imitated a gull shall be disqualified from the heat.

CHAPTER 5

ATHLETES AND ELIGIBILITY

ARTICLE 5.1 — ELIGIBILITY

5.1.1 An athlete may represent only the national federation in whose territory they have lived for at least 24 months, or of which they are a citizen.

5.1.2 An athlete may change national federation once in their career, with a waiting period of 36 months.

5.1.3 There is no upper age limit. Athletes must be at least 16 years old on 1 January of the year of competition.

ARTICLE 5.2 — COMPETITION ATTIRE

5.2.1 Swimwear shall comply with the FIMP Swimwear Register (Appendix D). Swimwear shall not extend below the knee or beyond the shoulder.

5.2.2 Swimwear that produces sound in the water, such as fabrics with a rustle coefficient above 0.3, is not permitted.

5.2.3 Jewellery, watches and hair accessories are not permitted.

5.2.4 Swim caps are optional. Caps shall be silicone and smooth. Caps with ear covers are not permitted, as they impair hearing.

5.2.5 Nose clips are permitted in Indoor competition only.

ARTICLE 5.3 — EARS

5.3.1 Earplugs of any kind are prohibited.

5.3.2 The Ear Inspection shall take place in the call room, no more than 20 minutes before each heat.

5.3.3 Any athlete found to have wax build-up that the Medical Officer considers likely to affect hearing shall be offered irrigation.

CHAPTER 6

FORMAT OF COMPETITION

ARTICLE 6.1 — THE HEAT

6.1.1 Each heat consists of six athletes and six chukkas. Each athlete is the Marco in exactly one chukka.

6.1.2 The order in which athletes are the Marco shall be drawn by lot in the call room.

6.1.3 There shall be an interval of 60 seconds between chukkas. During the interval, athletes shall remain in the water.

ARTICLE 6.2 — THE CHUKKA

6.2.1 A chukka begins with the Starter's whistle (3,150 Hz) and lasts 180 seconds, or until all five evaders have been tagged.

6.2.2 At the start of each chukka the Marco shall be positioned at the centre of the basin and the evaders at least 4.0 m from the Marco.

6.2.3 The Marco shall make the first call within 5 seconds of the start whistle.

6.2.4 A tagged evader shall leave the water by the nearest steps and take no further part in the chukka.

ARTICLE 6.3 — CHAMPIONSHIP STRUCTURE

6.3.1 World Championships consist of Round 1, Quarter-finals, Semi-finals and a Final, depending on the number of entries.

6.3.2 The highest-placed 24 athletes after Round 1 advance to the Quarter-finals, the highest-placed 12 to the Semi-finals and the highest-placed 6 to the Final.

6.3.3 A Final is always a single heat of six chukkas.

CHAPTER 7

SCORING

ARTICLE 7.1 — POINTS

7.1.1 The Marco scores 25 points for each tag.

7.1.2 An evader scores 1 point for each complete 10 seconds survived in a chukka. An evader who is never tagged in a chukka scores 18 points.

7.1.3 Penalty points are deducted under Chapter 8.

ARTICLE 7.2 — RANKING WITHIN A HEAT

7.2.1 Athletes are ranked by total points across the six chukkas.

7.2.2 Ties are broken by (a) the number of tags made, (b) total Evasion Seconds, (c) the lower Calls per Tag, and (d) a drawing of lots witnessed by the Jury of Appeal.

ARTICLE 7.3 — RECORDS

7.3.1 Championship records shall be recognised for: points in a final, tags in a chukka, Calls per Tag in a chukka, Evasion Seconds, Polo Response Latency and Bearing Error.

7.3.2 A record may only be set in a heat in which the Hawk-Ear system was fully operational.

CHAPTER 8

FISH OUT OF WATER

ARTICLE 8.1 — THE RULE

8.1.1 An evader commits a Fish Out of Water infraction (FOW) if (a) their whole body is above the waterline, or (b) they touch the pool deck with any part of the body other than the hands, for more than 3.0 seconds.

8.1.2 The 3.0-second count is measured by the poolside light curtain and confirmed by the FOW Judge.

8.1.3 Each FOW infraction costs 5 points.

8.1.4 On an evader's third FOW infraction in a chukka, the Marco is credited with a tag. The Marco shall call “Fish!”, and the evader leaves the water.

8.1.5 This rule was adopted in October 1951 following the Helsinki Incident.

CHAPTER 9

EYES AND OCULAR INTEGRITY

ARTICLE 9.1 — CLOSED EYES

9.1.1 The Marco shall keep both eyes fully closed for the whole chukka.

9.1.2 In all Finals, and in any heat with Hawk-Ear coverage, the Marco shall wear FIMP-approved Category-5 blackout goggles (Appendix E) over closed eyes.

9.1.3 Goggles shall be fitted and sealed by an Ocular Integrity Judge in the presence of the athlete's coach.

9.1.4 Any measurable eyelid separation by the Marco during a chukka voids every tag made by that Marco in that chukka.

ARTICLE 9.2 — OCULAR INTEGRITY JUDGES

9.2.1 Two Ocular Integrity Judges shall be assigned to each Marco. They shall be positioned at opposite ends of the basin.

9.2.2 All Finals shall be filmed by an overhead camera at no less than 250 frames per second for ocular review.

9.2.3 An ocular review may be requested by any coach within 30 minutes of the end of the heat. The fee for a review is CHF 200, refunded if the review is upheld.

CHAPTER 10

CONDUCT

ARTICLE 10.1 — PROHIBITED CONDUCT

10.1.1	Athletes may not splash deliberately to create acoustic cover.
10.1.2	Athletes may not hold on to the basin wall for more than 10 consecutive seconds.
10.1.3	Evaders may not submerge for more than 8 seconds at a time. Submersion during a Polo response voids the response.
10.1.4	Athletes may not communicate with each other by any means during a chukka.
10.1.5	Coaches may not signal to athletes during a chukka. Coaching is permitted during the interval between chukkas, from the deck only and at no more than 70 dB.

ARTICLE 10.2 — SANCTIONS

10.2.1	A Referee may issue a Warning (yellow paddle) or exclude an athlete from a chukka (red paddle).
10.2.2	Two red paddles in a heat result in exclusion from the heat.
10.2.3	Unsporting behaviour towards an official may result in a ban of up to four years.

CHAPTER 11

ACOUSTIC OFFICIATING

ARTICLE 11.1 — ACOUSTIC OFFICIALS

11.1.1 Each heat shall have a Chief Acoustic Official and four Acoustic Officials, one at each corner of the basin.

11.1.2 Acoustic Officials shall hold a FIMP Level 3 Acoustic certificate and shall pass an annual hearing test across 125–8,000 Hz.

ARTICLE 11.2 — MEASUREMENT

11.2.1 Call volume shall be measured by Class 1 sound level meters with A-weighting and “fast” time weighting.

11.2.2 Meters shall be calibrated at 94.0 dB and 1 kHz before each session.

11.2.3 Where Hawk-Ear is in use, its measurements are definitive. Where it is not, the median of the four corner readings applies.

ARTICLE 11.3 — HAWK-EAR

11.3.1 Hawk-Ear consists of 32 hydrophones and 64 poolside microphones synchronised to 0.1 milliseconds.

11.3.2 Hawk-Ear records each athlete's position 25 times per second.

11.3.3 Hawk-Ear data is the property of FIMP and is published through the FIMP Open Data portal.

CHAPTER 12

TAG OFFICIATING

ARTICLE 12.1 — THE TAG

12.1.1	A tag is valid if the Marco makes deliberate contact with an evader with any part of the hand, from the wrist to the fingertips.
12.1.2	Contact with the Marco's elbow, head or foot is not a tag.
12.1.3	Contact through hair alone is not a tag. Contact through swimwear is a tag.
12.1.4	An evader who swims into a stationary Marco's hand is tagged.

ARTICLE 12.2 — TAG REFEREES

12.2.1	Each heat shall have two Tag Referees, positioned on opposite sides of the basin.
12.2.2	Where the Tag Referees disagree, the Chief Referee decides, using video replay if available.

CHAPTER 13

MEDICAL AND ANTI-DOPING

ARTICLE 13.1 — MEDICAL

13.1.1 A Medical Officer and two lifeguards holding a current pool rescue qualification shall be present at every session.

13.1.2 Any athlete may stop a chukka by raising both hands above the head. The chukka is replayed from the start.

ARTICLE 13.2 — PROHIBITED SUBSTANCES AND METHODS

13.2.1 The FIMP Prohibited List (Appendix F) is updated each January.

13.2.2 Prohibited substances include hearing enhancers, ototoxic masking agents and earwax softeners taken within 48 hours of competition.

13.2.3 Prohibited methods include pre-competition ear irrigation other than by the Medical Officer, and any device that amplifies sound.

13.2.4 Caffeine is permitted.

CHAPTER 14

GOVERNANCE

ARTICLE 14.1 — CONGRESS

14.1.1 Congress is the supreme body of FIMP. It meets in ordinary session once a year, in February.

14.1.2 Each member federation has one vote. A change to this Code requires a two-thirds majority.

ARTICLE 14.2 — JURY OF APPEAL

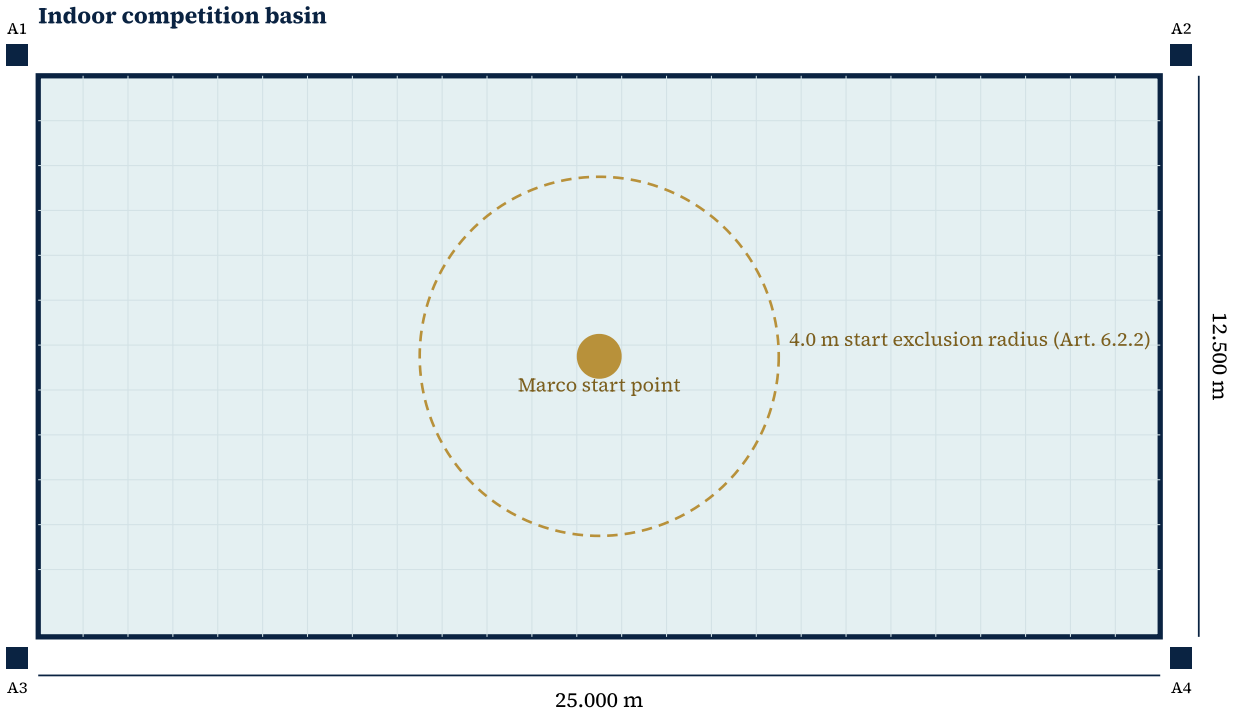

14.2.1 Every World Championship shall have a Jury of Appeal of five members drawn from at least four nations.

14.2.2 Protests shall be lodged in writing within 30 minutes of the publication of heat results, with a fee of CHF 300.

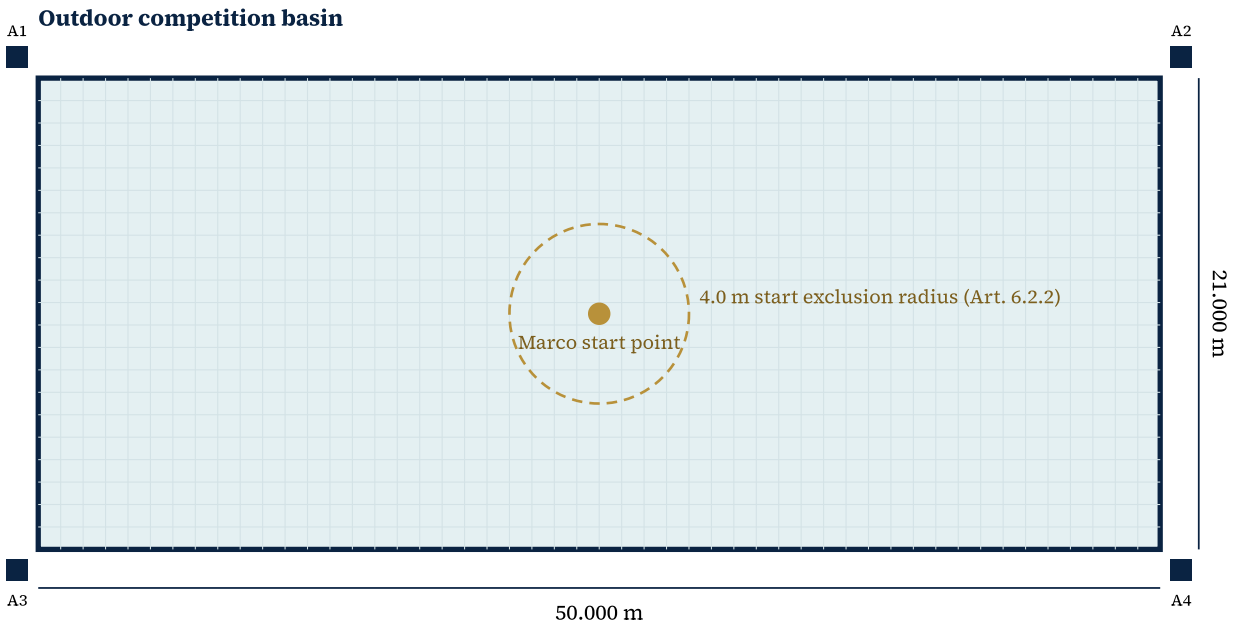

14.2.3 The decision of the Jury of Appeal is final.

APPENDIX A

COMPETITION BASIN DIAGRAMS

Plan view, 1 m grid. A1–A4: Acoustic Official positions. Water depth 1.35–1.40 m throughout.

Plan view, 1 m grid. A1–A4: Acoustic Official positions. Water depth 1.35–1.40 m throughout.

APPENDIX B

ACCEPTED PRONUNCIATIONS OF “POLO”

The following 41 pronunciations are accepted under Article 2.2.5. Any pronunciation not listed must be submitted to the Acoustic Standards Commission no later than 60 days before competition.

LANGUAGE	WRITTEN	IPA	NOTES
English	Polo	ˈpəʊ.ləʊ	Diphthong permitted in both syllables
French	Polo	po.lo	Equal stress acceptable
German	Polo	ˈpoːlo	Long first vowel
Dutch	Polo	ˈpoːloː	—
Italian	Polo	ˈpɔːlo	Open first vowel
Spanish	Polo	ˈpolo	—
Catalan	Polo	ˈpɔlu	Reduced final vowel accepted
Basque	Polo	polo	—
Portuguese (EU)	Polo	ˈpolu	Final vowel may be reduced
Portuguese (BR)	Polo	ˈpolu	—
Swedish	Polo	ˈpûːlʊ	Tonal accent 1 only
Norwegian	Polo	ˈpûːlʊ	Accent 2 permitted since 1988
Danish	Polo	ˈpoːlo	Stød not required
Icelandic	Póló	ˈpouːlou	Accented spelling on scoreboards
Finnish	Poolo	ˈpoːlo	Long first vowel mandatory
Estonian	Poolo	ˈpoːlo	Quantity 2
Polish	Polo	ˈpɔlɔ	—
Czech	Polo	ˈpɔlɔ	—
Hungarian	Póló	ˈpoːloː	Both vowels long
Croatian	Polo	pǒlo	Short falling accent
Slovenian	Polo	ˈpɔːlɔ	—
Greek	Πόλο	ˈpolo	—
Turkish	Polo	ˈpolo	—
Russian	Поло	ˈpolə	Unstressed final reduction accepted
Ukrainian	Поло	ˈpɔlɔ	—
Irish	Póló	ˈpoːloː	—
Welsh	Polo	ˈpɔlɔ	—
Japanese	ポーロ	poːɾo	Mora timing; pitch accent on first mora
Korean	폴로	pʰollo	Aspiration permitted
Mandarin	波罗	pó luó	Tones 1–2 required
Cantonese	波羅	pɔː55 lɔː21	—
Thai	โปโล	poː.loː	Mid tone throughout
Vietnamese	Pô lô	po lo	Level tone
Hindi	पोलो	poːloː	—
Arabic	بولو	buːluː	/b/ accepted for /p/ by Congress resolution 1979/4
Hebrew	פולו	ˈpolo	—
Swahili	Polo	ˈpɔlɔ	—
Yoruba	Pólò	pólò	High–low tone
Igbo	Pọlọ	pɔlɔ	—

LANGUAGE	WRITTEN	IPA	NOTES
Māori	Pōro	ˈpoɾo	Tapped r accepted as l (ruling 1997/2)
Afrikaans	Polo	ˈpuəlʊə	—

APPENDIX C

CALL VOLUME ATTENUATION TABLES

Sound pressure level (dB) at a given distance for a Marco call of the stated level at 1.000 m, calculated by the inverse-square law $L = L_0 - 20 \log_{10}(d)$. Acoustic Officials use these tables when Hawk-Ear is unavailable. Values below 60 dB indicate a call unlikely to be heard by an evader at that distance.

DISTANCE (M)	65 DB	67 DB	69 DB	71 DB	73 DB	75 DB	77 DB	79 DB	81 DB	83 DB	85 DB	87 DB	89 DB	91 DB	93 DB	95 DB
0.50	71.0	73.0	75.0	77.0	79.0	81.0	83.0	85.0	87.0	89.0	91.0	93.0	95.0	97.0	99.0	101.0
0.75	67.5	69.5	71.5	73.5	75.5	77.5	79.5	81.5	83.5	85.5	87.5	89.5	91.5	93.5	95.5	97.5
1.00	65.0	67.0	69.0	71.0	73.0	75.0	77.0	79.0	81.0	83.0	85.0	87.0	89.0	91.0	93.0	95.0
1.25	63.1	65.1	67.1	69.1	71.1	73.1	75.1	77.1	79.1	81.1	83.1	85.1	87.1	89.1	91.1	93.1

APPENDIX D

FIMP SWIMWEAR REGISTER

387 models approved under Article 5.2. Rustle coefficient measured in the FIMP acoustic flume at 1.2 m/s; maximum permitted 0.300.

APPENDIX F

FIMP PROHIBITED LIST 2026

S1 HEARING ENHANCERS

- Cochlear stimulants (all)
- Auditory nerve sensitisers
- Hyperacusis-inducing agents
- Experimental otic peptides

S2 MASKING AGENTS

- Ototoxic masking agents
- Tinnitus-inducing compounds (used to mask detection of S1 substances)

S3 CERUMENOLYTICS

- Earwax softeners within 48 hours of competition, including carbamide peroxide and olive-oil-based drops
- Sodium bicarbonate ear drops

S4 OCULAR AGENTS

- Pupil dilators
- Agents that increase eyelid translucency
- Retinal light sensitisers

S5 VOCAL AGENTS

- Laryngeal anaesthetics
- Pitch-altering inhalants (including helium)

M1 PROHIBITED METHODS

- Ear irrigation other than by the Medical Officer
- Any device that amplifies sound
- Echolocation training clicks during competition
- Bone-conduction receivers

P1 PERMITTED (NOT PROHIBITED)

- Caffeine
- Throat lozenges
- Nose clips (Indoor only)
- Petroleum jelly applied to the skin

APPENDIX G

WATER TEMPERATURE COMPLIANCE TABLE

Every temperature from 20.00 °C to 32.00 °C in 0.05 °C steps, with compliance against Articles 3.2.1 (Indoor) and 4.2.1 (Outdoor).

APPENDIX I

OFFICIALS' SIGNALS

SIGNAL	DESCRIPTION
Start	Whistle 3,150 Hz, right arm raised then lowered
Tag confirmed	Both arms extended towards the evader
No tag	Arms crossed at the wrists, waved twice
Fish Out of Water	Flat hand sweeping horizontally at waist height
Late Polo	Index finger tapped twice on the wrist
Stacked Call	Two fists stacked vertically
Whispered call	Index finger to lips, then thumb down
Gull Interference	Both hands flapped at shoulder height
Ocular review	Rectangle drawn in the air
Clock stopped	T-shape with both hands
Warning	Yellow paddle raised
Exclusion	Red paddle raised
Choral Polo acknowledged	Open palm, fingers spread
Submersion count	Fingers counted down from eight
Deliberate splash	Hand slapped on the surface of a clipboard
Wall hold	Palm pressed flat against an imaginary wall
Chukka over	Long whistle, both arms crossed above the head
Interval	Both arms held out to the sides
Medical stop	Both hands raised above the head, then whistle
Coach warning	Pointing to the coaching area, then yellow paddle

APPENDIX J

GULL INTERFERENCE REGISTER

Species whose calls have been declared Gull Interference at FIMP competitions, with the frequency range (kHz) used by Hawk-Ear to filter them.

COMMON NAME	SCIENTIFIC NAME	CALL RANGE (KHZ)
Herring gull	*Larus argentatus*	1.2–4.8
Lesser black-backed gull	*Larus fuscus*	1.0–4.1
Great black-backed gull	*Larus marinus*	0.8–3.6
Black-headed gull	*Chroicocephalus ridibundus*	2.1–6.2
Yellow-legged gull	*Larus michahellis*	1.1–4.4
Common gull	*Larus canus*	1.8–5.7
Mediterranean gull	*Ichthyaetus melanocephalus*	1.9–5.5
Kelp gull	*Larus dominicanus*	1.0–4.0
Silver gull	*Chroicocephalus novaehollandiae*	2.0–6.0
Ring-billed gull	*Larus delawarensis*	1.6–5.1
Laughing gull	*Leucophaeus atricilla*	1.5–4.9
Audouin's gull	*Ichthyaetus audouinii*	1.3–4.6

APPENDIX K

REGISTER OF AMENDMENTS TO THE CODE, 1932–2026

375 amendments adopted by Congress since the first Code.

YEAR	CONGRESS	RESOLUTION	AMENDMENT	VOTE
1932	1st	1932/2	Minimum value in Article 12.1.1 raised from 5 to 6.	79%
1932	1st	1932/3	Interpretation of Article 10.2.3 clarified for goggle sealing.	72%
1933	2nd	1933/4	Article 11.3.2 extended to apply to the Ear Inspection.	77%
1933	2nd	1933/5	Interpretation of Article 11.1.1 clarified for Hawk-Ear calibration.	99%
1933	2nd	1933/6	Article 12.1.3 extended to apply to goggle sealing.	95%
1933	2nd	1933/7	Article 13.1.1 renumbered following the insertion of new provisions on lightning.	87%
1933	2nd	1933/8	Penalty under Article 13.1.2 increased from 9 to 11 points.	78%
1934	3rd	1934/9	Penalty under Article 13.2.1 increased from 2 to 6 points.	81%
1934	3rd	1934/1	Interpretation of Article 7.1.3 clarified for spectator silence.	68%
1934	3rd	1934/2	Minimum value in Article 2.1.3 raised from 2 to 5.	83%
1934	3rd	1934/3	New clause inserted at Article 5.2.4 concerning swim caps.	82%
1934	3rd	1934/4	New clause inserted at Article 11.2.3 concerning aquatic plants.	86%
1934	3rd	1934/5	Minimum value in Article 11.2.2 raised from 3 to 7.	97%
1935	4th	1935/6	Article 6.3.3 extended to apply to lightning.	92%
1935	4th	1935/7	Penalty under Article 8.1.1 increased from 4 to 7 points.	100%
1935	4th	1935/8	Article 3.1.2 extended to apply to choral Polo.	70%
1935	4th	1935/9	New clause inserted at Article 11.3.3 concerning nose clips.	77%
1935	4th	1935/1	Article 3.2.3 repealed and replaced; transitional arrangements for spectator silence.	74%
1935	4th	1935/2	Interpretation of Article 13.1.2 clarified for rainfall.	70%
1936	5th	1936/3	Article 2.1.6 amended: tolerance tightened from 2 to 3.	82%
1936	5th	1936/4	Article 12.1.1 amended: tolerance tightened from 3 to 5.	79%
1936	5th	1936/5	Article 3.2.2 repealed and replaced; transitional arrangements for call volume measurement.	90%
1936	5th	1936/6	Article 9.1.2 extended to apply to coaching volume.	87%
1936	5th	1936/7	Article 4.1.1 amended: tolerance tightened from 8 to 11.	89%
1937	6th	1937/8	New clause inserted at Article 2.2.2 concerning Hawk-Ear calibration.	96%
1937	6th	1937/9	Article 12.2.1 extended to apply to lightning.	68%
1937	6th	1937/1	Article 11.2.2 repealed and replaced; transitional arrangements for submersion.	99%
1937	6th	1937/2	Interpretation of Article 1.3.3 clarified for record ratification.	81%
1938	7th	1938/3	Article 13.1.2 renumbered following the insertion of new provisions on lightning.	84%
1938	7th	1938/4	Article 11.1.1 renumbered following the insertion of new provisions on natural venues.	78%
1939	8th	1939/5	New clause inserted at Article 11.1.2 concerning nose clips.	91%
1939	8th	1939/6	New clause inserted at Article 3.1.2 concerning the Ear Inspection.	98%
1939	8th	1939/7	Article 10.2.3 extended to apply to choral Polo.	89%
1947	16th	1947/8	Article 12.2.1 amended: tolerance tightened from 9 to 13.	94%

YEAR	CONGRESS	RESOLUTION	AMENDMENT	VOTE
1947	16th	1947/9	Article 2.3.2 renumbered following the insertion of new provisions on natural venues.	95%
